'Believe, achieve and shine brighter together'

Spring Newsletter: 24th June 2022

Dear Parents/Carers,

It's been another wonderful week in school albeit a warm one! We achieved our school games Gold Mark which is amazing! Thank you Mrs Joshua for all the sporting events you have helped organise this year. Year 2 and Year 5 have been on a school trip to support their learning and we had our whole school photo! Not many weeks to go until summer but still such a lot of great things planned in. Have a wonderful weekend!

Determination

This week in our worship we have explored 'personal' determination' and thought about how we can use what we have learnt from the stories we have explored to help us. We looked at how Abraham Lincoln, JK Rowling, Van Gogh and Michael Jordan all failed many times before they were successful. However they were determined and didn't give up. We decided we could learn from these people too by solving problems, keeping going, not giving up, asking for help if we need it as these things would all help us be determined to achieve new things too. We then thought about the things we were determined to do: ride a bike, learn a new language, become a better speller/artist were a few of the things the children suggested. We then explored how we might do this and thought about the things we had learnt that would definitely help us.

"but as for you,
BE STRONG and
DO NOT GIVE UP
for your work
will be rewarded"

Road Safety

We have received this email in school which I thought would be good to share with you.

We are mailing you, to provide awareness of our 'online' and 'social media' presence, and also to provide you with links to access these.

The Road Safety & Travel Awareness Team provide road safety education and advice across the borough of Dudley, provide cycling and Bikeability advice and training, again across the Borough, both in schools and within the community as a whole. The team also coordinate the School Crossing Patrol service in Dudley

It would be great if these links and information could be shared on newsletters out to parents, in order to enable them to access our services directly and as required.
