

Oldswinford Cof E Primary School

'Believe, achieve and shine brighter together'

Spring Newsletter: 27th May 2022

Dear Parents/Carers,

Happy holidays! This half term certainly seems to have come round quickly! However we've still managed to squeeze a lot in it.... Sports relief, cricket tournaments, SATs for year 2 and year 6, Year 6 residential at Pioneer, disco and our Jubilee picnic to name just a few things! Thank you for all your support it's been a great half term.

Have a lovely holiday, enjoy the extra bank holidays and we look forward to seeing you all on Monday 6th June.

Ellie Game

Humility

This week we have been putting our learning into practise as we gave out praise certificates and medals are tried to encourage our friends to be hopeful that it could be them next time.

Well done to everyone who was praised.

Forest School

Thank you to our wonderful forest school team and especially Tim for all his hard work in developing our new pond! We can't wait to use it!

Sports Day - 13th June

Weather permitting sports day will run from 10-30 - 12.00 for EYFS and KS1 and from 1.30-3.10 for KS2 (reserve day is 20th June).

We hope you can join us!

Goodbye!

Mr Hicklin and Mrs Wellings have both shared with us that they are going to retire at the end of this school year.

Mr Hicklin has been at OCEPs since 2005 and Mrs Wellings has been here since 1990!

We can't quite believe they will be leaving but know they have lots of exciting new adventures planned.

We are busy finalising their replacements and will be in touch with staffing for next year after half term.

we will miss you

Going Green

To end their topic 'Healthy Planet', Year 5 have gone green today and made windmills which are going to be planted in the playground. They have been learning how to help look after our planet and as part of this they have also made posters to discourage the use of single use plastics. They were all brilliant but I have included some of my favourites on the following pages.

Thank you year 5 for helping us to look after our planet.

**REMEMBER TO
RECYCLE**

HELP OUR PLANET!

REUSABLE
BOTTLES!

Our birds
are getting
trapped in nets

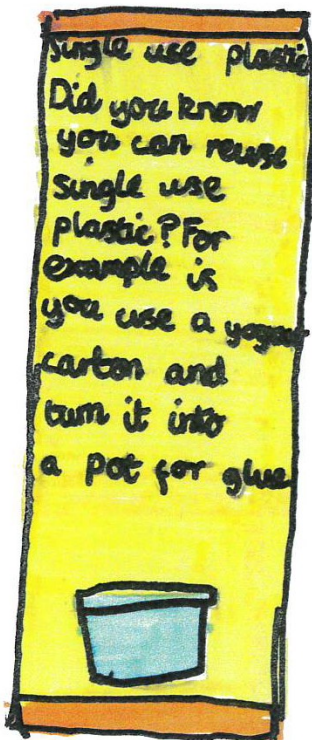

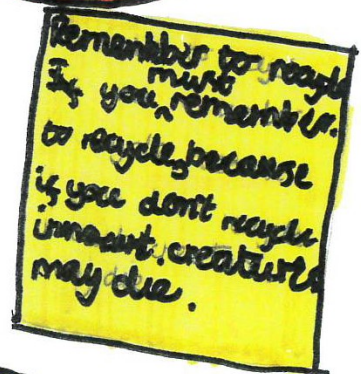

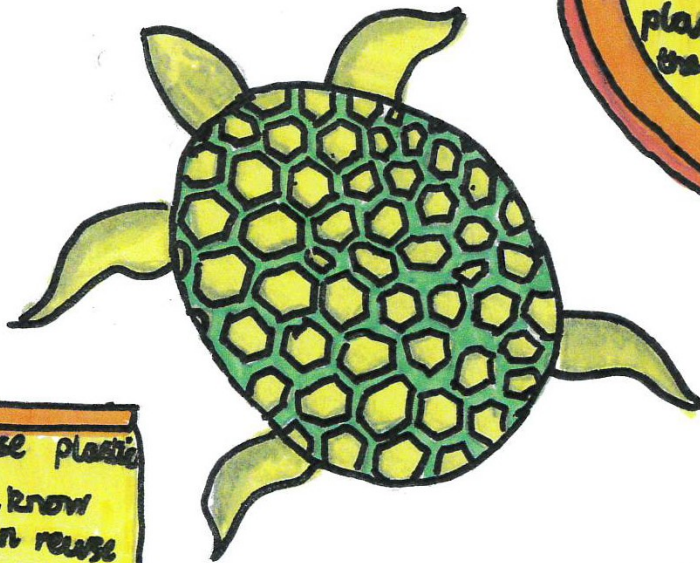

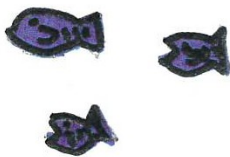

Our beaches
have lots of
different plastics
and things that can
be recycled.

help our
planet now
because right
now there
is 8 million
tonnes of
plastic in our
Oceans our sea
creatures are
dying!!!

Please Help!
our planet now
join our team.

REMEMBER TO

R E C Y C L E

SAVE THE PLANET

HELP OUR PLANET

Plastic's problem

Single use plastic kills the Earth, you could try using metal water bottles or ones that will last a long time!

Did you know that we can recycle 75% of our waste but we only recycle 30% of it.

It's still ok to use plastic as long as it's recyclable!! When we recycle things it can be turned into other objects and less plastic is put into waste.

IT DOESN'T TAKE MUCH

SAVE THE
EARTH
FROM
PLASTIC

The plastic harms wildlife and can cause it to die!

NO MORE

PLASTIC is NOT

Fantastic!

GET RID OF
PLASTIC
cutlery BUT
SAY HELLO
TO METAL
cutlery!
THIS PLASTIC

NO MORE PLASTIC
BOTTLES
BUT SAY HELLO
TO REUSEABLE
BOTTLES!

harms Turtles

8 million tonnes of plastic
ends up in the
Oceans each
YEAR!

HOW CAN WE
HELP?

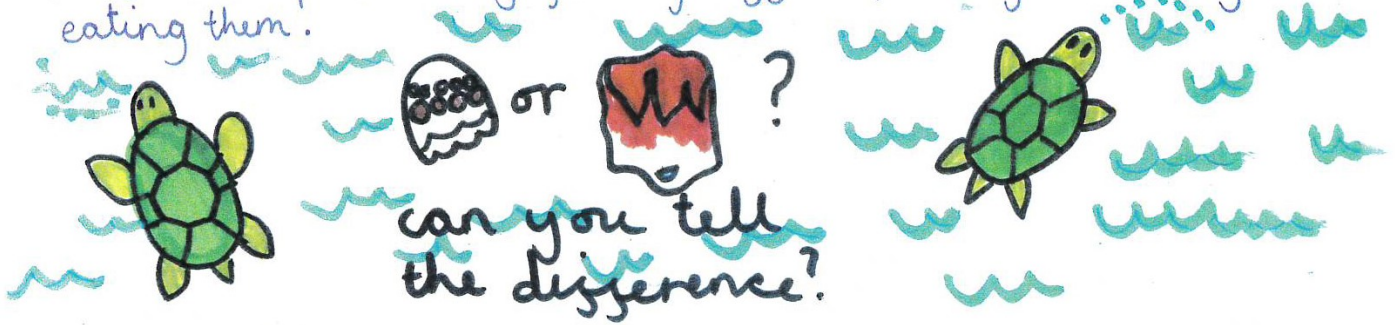

use less single use plastic
reduce reuse and recycle
use your own reusable cossie
cup instead of plastic

LET'S
HAVE A
GREENER
PLANET

LET'S
SAVE
OUR
PLANET?

Everyone loves turtles, right? Well, the turtles will love YOU if you don't use plastic bags. Turtles eat jellyfish, but unfortunately, plastic bags look like them. Turtles could mistake a plastic bag for a jellyfish, and get hurt by eating them.

Instead of buying new plastic bags that you will probably throw away immediately, bring your own bags to shops and clubs.

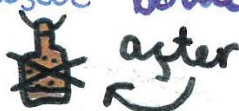

Always reuse plastic.

RECYCLE!

Do arts and crafts with plastic. For example, make a bird feeder out of a plastic bottle!

Every year, 8 million tons of plastic ends up in the ocean. There's so much rubbish, there are even plastic islands!

PLASTIC
